astrattismi contemporanei

L'originalità che contraddistingue, un incontro di unità eterogenee che pur nella loro diversità trovano equilibrio e armonia. Tutto questo è racchiuso nella nuova linea Patchwork, geometrie che non cercano continuità, marmette come astrattismi contemporanei da esporre alle pareti della casa. Eccentricità e audacia contraddistinguono la collezione Patchwork nata per chi vuole osare ed uscire dai luoghi comuni, nata per chi è alla continua ricerca di unicità. La linea è composta da quattro collezioni, Grigio, Azzurro, Verde e Giallo, ognuna di esse dispone di 18 marmette a decoro 20x20 cm. che unite a 7 marmette di tinta unita 20x20 cm. formano 1mq di Patchwork.
